3. Approve/ Modify Minutes from Previous Meeting: N/A (No Quorum)
4. Public Introductions: N/A

5. Current Business:
   a. PCHPAC Board and staff member Grams discussed the request from John Deagan in Planning for renaming Rawhide Way in Indian Mountain filing 24 (T10 R75 S2&3). Board decided to offer four possibilities to Planning. These are Mano, Metate, Lodgepole, & Colorow.

6. Staff Report:
   a. Staff member Grams briefly discussed the status of the Bailey Barnett cabin plans for relocation to McGraw Park. Mammoth Movers submitted a bid of approximately $30,000 for the move and handling of later addition.
   b. Staff member Grams informed the commission of the Lorrayne Ranch grant application. Member Unger stated that the grant request needs to be more specific and should focus on the most historic structures, namely, the bunkhouse and slaughterhouse.
   c. Staff member Grams informed the commission that Paris Mill was awarded the SHF grant and in the full amount of $200,000.

7. Board Member Comments:
   a. Member Unger suggested that Janelle Keyser from RMC for Preservation in Leadville may be interested in conducting educational workshops in the Barnett cabin which could open the cabin to additional funding resources such as Heritage Area Grants.
   b. Member Unger inquired about efforts to attract new PCHPAC members and would like to be switched from an alternate to a full PCHPAC member. Member Unger suggested using old PCHPAC board member ads and running
them in the Flume and county website. Staff member Grams suggested that a South Park Site Steward would be a good option for a new PCHPAC member. Member Unger suggested Megan Potter as a PCHPAC potential member.

c. Member Davis inquired about the location of historic items and documentation from the basement of the old county offices.

d. The Lorrayne Ranch Silo rehabilitation was discussed and member Unger suggested that only a minimal stabilization/preservation treatment be undertaken versus a complete restoration which from estimates would cost upwards of $30,000.

e. Members Unger and Davis informed staff member Grams of the incline railway at the Paris Mine, across the road from the mill.

f. Member Unger suggested a future project be the documentation of the history of Chinese workers in Park County.
