Are you Remodeling, Renovating or Demolishing?

Please Note: A demolishing, renovating, or remodeling permit cannot be issued without a State Inspection.

Before any remodel, renovating or demolishing permit is issued by Park County, the Contractor or Home owner must call the Colorado Department of Public Health and Environment (C.D.P.H.E.) at 303-692-3100 and ask for an Asbestos Inspector. The Asbestos Inspector will inform the Contractor or Home Owner about testing requirements and require that they send an inspection report to (C.D.P.H.E.) verifying that they got an appropriate inspection. Then the (C.D.P.H.E.) will email the Contractor or Home Owner in regards to their property. Once the division is in receipt of the proper documentation for the referenced property, indicating that either no regulated asbestos materials will be impacted during the planned renovation, or yes, there will be abatement. This documentation will be necessary in submitting the Park County building permit application.
